## President's Message

Our board met recently in April and has proposed a few changes that will take effect this year:

- 1) Chapter financial statements and bylaws will be accessible to all members and the general public on the website.
- 2) Beginning in September, we will raise the luncheon meeting (1 CPE) from two dollars, which was entirely donated to a charity, to five dollars.
- 3) Due to an increase of expenses of the new registration and payment system CVENT the board has decided to increase the member/non-member fees by an additional five dollars over last year.
